Check out [my web CV version](#)

Hello world! I'm Kaja - I work as a Product Development Junior Specialist and PO support in the development of two awesome mobile applications. My leading talents are: Learner, Empathy and Woo @CliftonStrengths™. Thanks to them I am a person who loves to learn and acquire new skills. My empathy allows me to understand the client's needs and my woo makes communication simple and enjoyable. I hope that we will have the opportunity to talk and get to know each other better.
